# Our Story

We are high school sweethearts. We met in the summer of 2014 at our town celebration. We went to college together and shortly after we got married in April of 2019. We always knew that we wanted to have children. After a long road of fertility treatments and 2 pregnancy losses we felt God putting adoption on our hearts. We are so excited for the opportunity to become parents!

It is with a grateful heart that we want to say thank you for taking the time to look through our profile book today.

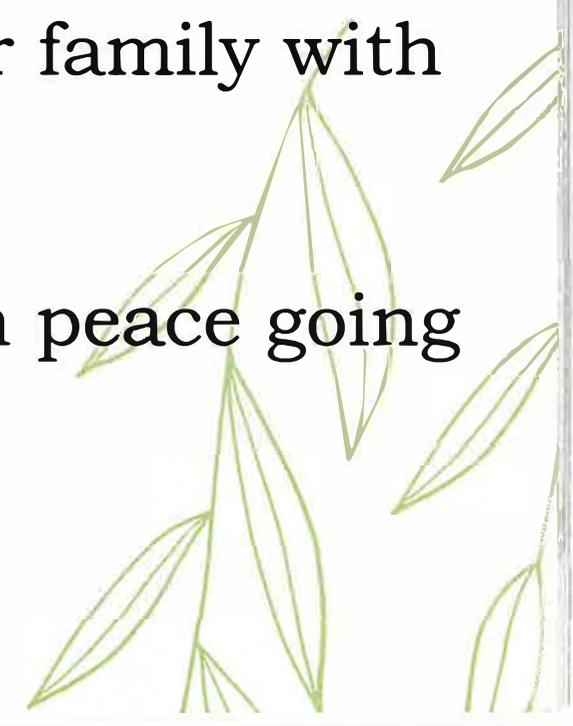

We understand that the decision you are considering is as equally courageous and selfless as it is challenging and scary. But, your bravery gives us the opportunity to build our family. Early on in our relationship we knew that we wanted to be parents, we are so excited for the opportunity.

We enjoy a life together of love, commitment, faith, and adventure. This is all things we can not wait to share with our future child/children.

We will welcome any race, gender, or multiples in our family with open, loving arms.

We hope and pray that our story will provide you with peace going forward in this journey.

We hope to hear from you soon!

# Cody

Cody is truly the love of my life and my best friend. Cody is the most patient, selfless, and loving man I know. When life is uncertain he is always there with a patient heart to keep life calm. Whatever Cody does he puts his whole heart into it. He is so hard working and dedicated, there is no doubt that he will do his all for our children. Cody is also very outgoing, he is always up for something new. Knowing Cody for the last 10 years I have been able to watch him with my siblings when they were young, my younger cousins and now my cousins' children. All of them adore him, he is so fun with them and always willing to get down and play with them. Cody will be a great father. - Written by Katelyn

I think what I'm most excited about is the ability to cherish the blessing of being a father. I'm very much looking forward to taking our child/children to derbies, taking them fishing, and just being out in God's creation. - Cody

# Katelyn

Katelyn is my best friend. She never fails to put a smile on my face, and her care that she shows from being a nurse does not end in the workplace. She is selfless, passionate, and outgoing. From watching her teach her younger siblings various bits about life so far, to her being a girls Bible study leader at church, there isn't a shred of doubt in my mind that she is going to be a great mom.

# Parenting

---

We will love any child brought into our lives, we believe that every child is created in God's image.

We are excited to raise our child/children in a home where Christ is the center. We believe it is important to talk about God in all aspects of life.

We plan to send our child/children to a private Christian school.

We are so excited to be involved in our child/children's lives, and support them in different activities they desire to be involved in.

We both have flexible schedules. Katelyn has four days off each week, which will be spent home with our child/children. Cody is off work in the evenings and every weekend. Katelyn plans to take 12 weeks off when baby is born and will return to work.

While we are at work our child/children will be with family or at daycare.

# Cody's Family

My (Cody's) family is very close. My parents live 2-1/2 blocks away. I am the oldest of two. I have 1 brother (23) that I see at least 3 times a week if not more. We enjoy fishing at the local ponds, having board game nights, and going to derbies. They are very excited to welcome another member to our family.

Every third Sunday of the month we all get together to have supper.

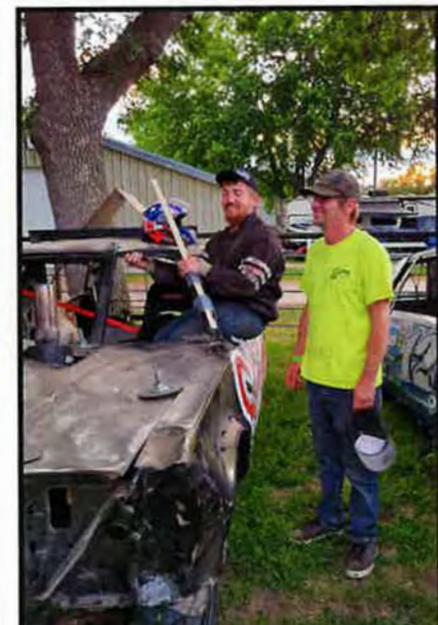

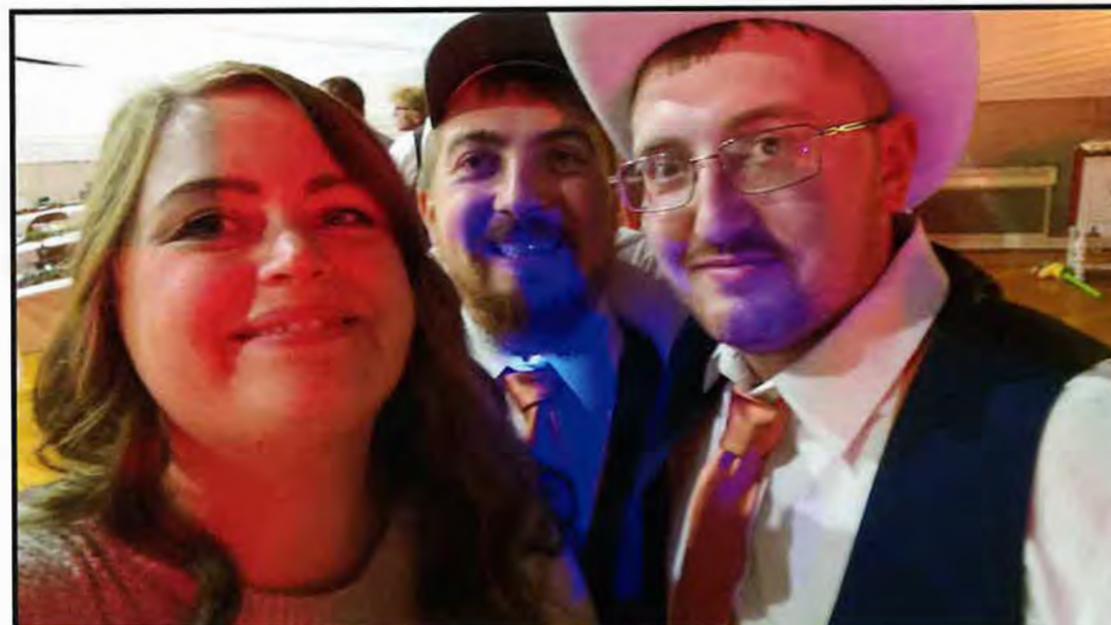

We spend a lot of time in the shop working on our derby cars for the summer.

Most of my extended family lives about 4 hours away, but we make sure we see them a few times a year.

One of our favorite traditions is lighting off fireworks on the 3rd of July with my cousins! - Cody

# Katelyn's Family

I (Katelyn) am the oldest of 3 siblings. My family is very close, even extending to my extended family.

We only live 4 blocks away from each other and see each other multiple times each week. I have a brother and a sister, there is a bit of an age gap, but they are truly some of my best friends. Our family loves to go on camping trips throughout the summer and a week-long vacation at the lake with all my aunts, uncles, and cousins. They are all so excited to add another member to the family!
