Randy is a diesel technician and salesman with two associates' degrees in diesel technology. He is the 3rd generation in his family's farm implement dealership. # Farming and

# Agriculture

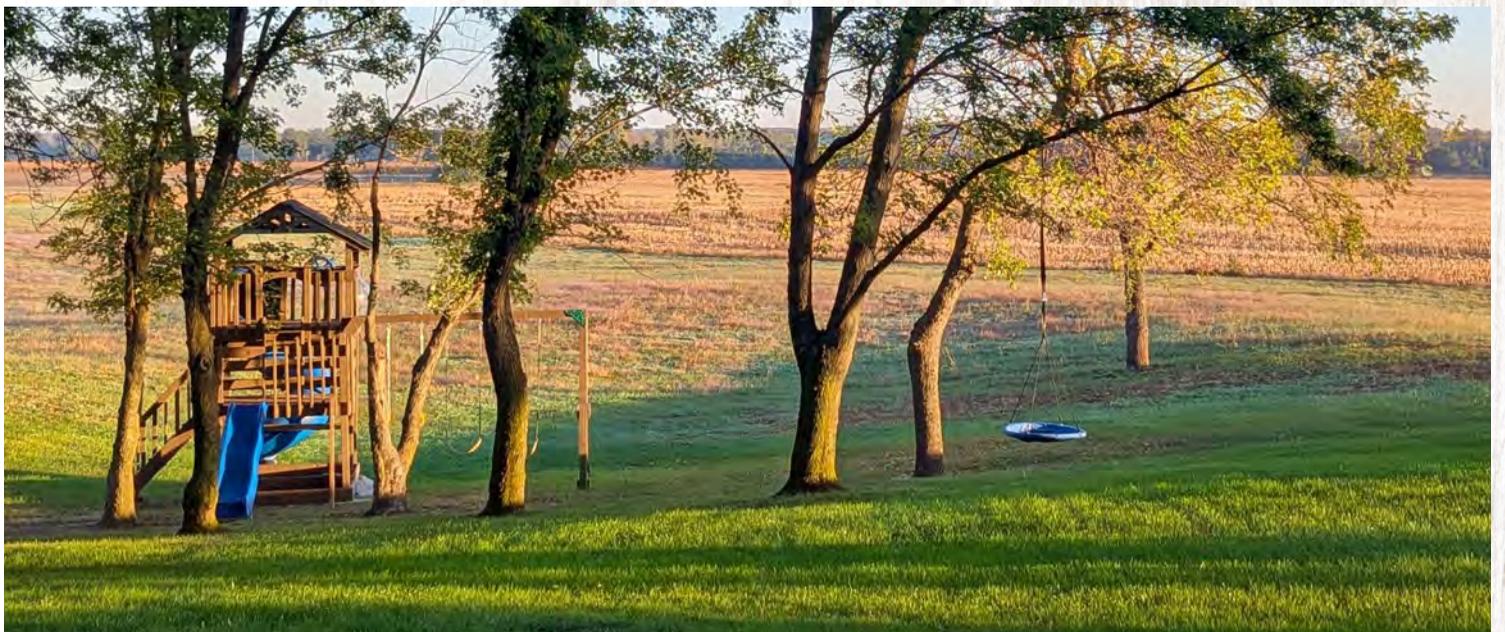

We both grew up in rural mid-west communities and our families have been involved in farming and agriculture for several generations. We feel blessed to have been brought up in agriculture and are passionate about this rural way of life. We enjoy spending our free time working on our small farm. We raise alfalfa, corn, soybeans, oats, and hay. We don't always have livestock but enjoy them when we do. Asher is already embracing this way of life and loves to tag along and help!

ABOUT

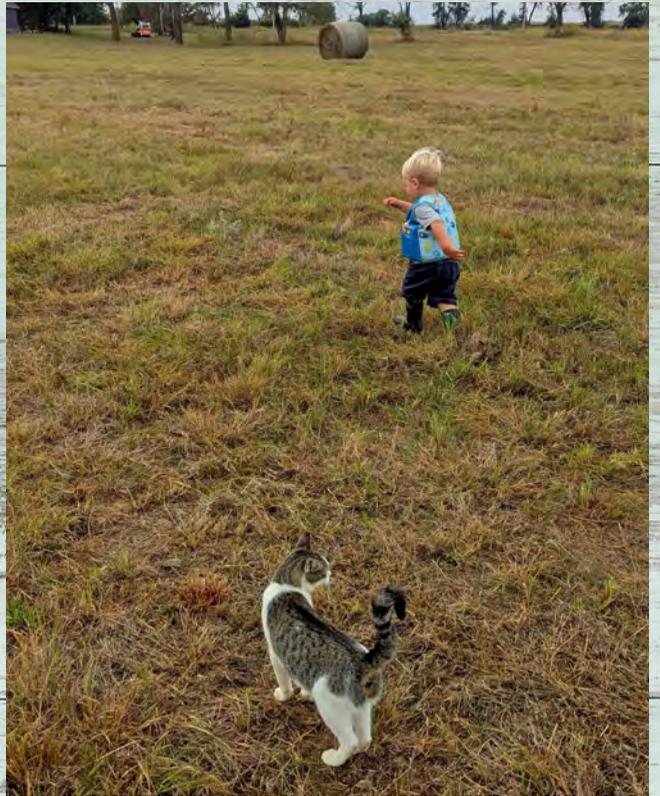

We live on a small acreage just outside of a town of about 1,500 people. Our home has 4 bedrooms and a large walkout basement with lots of space to relax and play. We have a swing set and playground equipment for Asher in the yard. Our town has a nice park, walking trail, swimming pool, bowling alley, shooting and archery range, school and a few restaurants. There are several rivers, lakes and ponds in the area. We have just about everything we need right here, but are only 45 minutes to 3 hours away from larger cities.

**We love animals and currently have a dog and cat. Our 7 year old dog, Jade, is an active, playful, lovable and gentle dog that we adopted as a puppy from an animal shelter. Her and Asher are best buds. Our cat, Miss Kitty, adopted us as a kitten. Asher and Miss Kitty go on adventures outside just about every day.**
